STUDENTS BUILD PARTNERSHIPS

As part of expanding our Junior Secondary and developing a school Learning and Wellbeing Framework for our students, the council, the school and outside agencies have worked together to provide students with multiple opportunities to learn new skills and information about the community, businesses and external agencies.

Over the remainder of the year, the **Deadly Choices Road show** is offering lunchtime activities and information about making positive healthy lifestyle choices for students from Years 6 to 12. The next session will be held on the 3rd of September from 11.40am—12.25pm. Parent are welcome to observe the session.

The, **“Linking into the Community Project,”** will begin on the 28th of August. The council has provided funding to facilitate school community connections and partnerships through facilitator Rachel Koster for students from Years 5 to 9. The first session on the 28th of August is with Dot Hamilton. Dot will provide some fun and interesting activities around deportment and social etiquette. The second session will focus on tent making with the SES . The, “Linking the Community Project,” will continue into 2015 with a different activity and focus for each session. The project will culminate in a Youth Learning and Wellbeing Festival in May 2015. I’d like to wholeheartedly thank the Burnett Shire Council, Trisha Hansen and Rachel Koster for their support and ideas around this project which would not have gotten off the ground without them.

The school student leadership group focuses on students completing projects to benefit students including the vegetable garden, recycling, lunchtime activities for Junior Secondary students, graduation, excursions and events.

Additionally during the Year students are actively encouraged to participate in annual activities and projects including the ANZAC parade, ATAP, FOGS, Mobile Education Trailer, Book Fair, Deadly Sports, Eidsvold Show display and competitions, the Flower Fair, CWA, NAIDOC, Student Council, Student Leaderships Positions and personal projects and activities.

If you would like to be involved in or contribute to any of these initiatives or projects please contact the Principal, Ms Teena Elliott at the school.

CHILDCARE DISABILITY SUPPORT

The Australian Government's [Inclusion and Professional Support Program](http://deewr.gov.au/inclusion-and-professional-support-program) (<http://deewr.gov.au/inclusion-and-professional-support-program>) and the Queensland Government's Disability Support Funding Program may provide extra funding to childcare services to help them support your child's participation in early childhood education and care programs. The programs allow services to provide specialist equipment and resources

- training and professional development for teachers
- extra teacher aide time
- more educators or carers.

Speak to your childcare service for more information about how they support children with disability.

Enrolling your child

Many childcare services take enrolments all year. Some can place children at any time; others may have a waiting list. Contact the provider about their enrolment policies.

When you enrol you may be asked to provide:

- the child's name and address, and details about their parents, carers or guardians
- details of any special requirements—disability or food allergies
- proof of date of birth—birth certificate or visa
- health and immunisation status
- details of the people allowed to pick up your child.

AGE REQUIREMENTS

In Queensland, different types of early childhood education and care services deliver programs for children from birth to 12 years old. Read more about [age requirements for specific services](http://www.qld.gov.au/education/childcare/parents/types/pages/services.html) (<http://www.qld.gov.au/education/childcare/parents/types/pages/services.html>).
