**TIME TO SAY GOODBYE TO YEAR 12**

Well it is that time of year again when change and goodbyes are inevitable. This year we say goodbye to Payden Boyle, Travis Cavanagh, Lashica Pope, Hayden Pope and Brynie Roth. May these students enjoy the journey to adulthood and find everything they expect and more when exploring the world beyond school. All students are graduating with a Queensland certificate of Education and are well prepared for the world of work and further study. Payden and Lashica (known as Gracie) have both been excellent ambassadors and committed students in our school and as the seniors in our ATAP team, which has placed our school as overall best school in 2013 and 2014. Travis, Hayden and Lashica are also keen sports persons and have represented our school and town many times at local, regional and State sporting competitions. Brynie is a keen horseperson and a committed student who has strived to learn as much as she can about agriculture and farming. I thank these students for their contribution to our school community and township. Enjoy your night and don’t forget to come and visit sometime. Kind regards Ms Elliott, Principal.

Fax: 07 4165 1107

be respectful, be a learner, be safe and be responsible
FAREWELL YEAR 12

Farewell from Payden Boyle
To all my friends and my deadly cousins. I would like to thank you for the great time you have given me over the years. I have enjoyed our chills and just mucking around. I would like to thank the past and present teachers for the education you have given me. Thankyou everyone and peace out.

Farewell from Brynie Roth
Thank you for everyone who has made my time at school enjoyable. I will never forget my experiences and memories made at Eidsvold State School, and I even got a bit of an education along the way.

Farewell Grace Pope
Over my last couple of years here at Eidsvold State School I have enjoyed being around friends and cousins. I would like to thank past and present teachers for helping me, my parents for sending me to school and all the students for making my time here fun and enjoyable. To all my friends and fellow students good luck with your last couple of years and I am going to miss you all ADIOS!

Farewell Hayden Pope
School has been very difficult for me to concentrate on, but it means an education for my future. I have learnt many things during my years at school, but none as important as friendship. Friendship is important because when you have friends you are never truly alone.

Farewell from Travis Cavanagh
If I had to describe school in a few words, I’d say entertaining, occasionally difficult and an education for my future. School was good up until grade 11 when everything got hard. I had to pass every subject in order to graduate with a QCE.

P & C News:
