### Student Responsibility

I understand that the Internet can connect me to useful information stored on computers around the world. I understand that the school intranet can connect me to useful information on computers around the school.

While I have access to the Internet and Intranet:

1. I will use it only for educational purposes as directed by the teacher and understand that computers are monitored at all times.
2. I will not look for anything that is illegal, dangerous or offensive
3. If I accidentally come across something that is illegal, dangerous or offensive, I will:
  - a. Immediately, quietly, inform my teacher; and then
  - b. Clear any offensive pictures or information from my screen
4. I will not reveal passwords, home addresses or phone numbers – mine or that of any other person
5. I will not use computer, the Internet or Intranet to annoy or offend anyone else
6. I understand that if the school decides I have broken these rules, appropriate action will be taken. This may include loss of my Internet access for some time or other elevated consequences in line with the Eidsvold State Schools Responsible Behaviour Plan

### Parent or guardian

I understand that the Internet can provide students with valuable learning experiences.

I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe \_\_\_\_\_ (Name of student) understands this responsibility, and I hereby give my permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of Internet access for some time.
